129 VICTORIA DRIVE
BOGNOR REGIS

Dear Sir or Madam.

I would like to say that I object to more flats going up on the street.

There are enough flats around with parking places provided, but still they park on the road.

There are flats at the back of me with garages, but no they rather park outside my place. So when my family comes they have to park half way up the street.

Now we are going to have more flats and more cars parking on the footpath, giving little room for people to pass.

Please, Please put a stop to it.
Concern resident.
