Importance: High

Dear Mr Davis,

Further to our telephone conversation, I would be grateful if you could forward this message onto Neil Crowther.

I have already confirmed my objection to the planning application BR 281/18/PL in Victoria Drive.

It is my belief that the proposed development of this site, would lead to the loss of an established family home, would increase density in the immediate area, would also add to further problems with car parking, as this site is quite close to a roundabout. The proposed development would be clearly out of character with the neighbouring properties.

In view of my concerns, I request that this application is dealt with by the development control committee.

I would be happy to discuss this further with you, if you so require.

Regards

Francis Oppler
District Councillor for Orchard Ward
