Good morning,

I hope this email finds you safe and well.

I thought it might be the right time just to give another reminder of what is expected after you have received a Liability Notice and **before you commence works.**

- Householder extensions are not required to submit a Form 6 Commencement Notice.
- Everyone else should submit a Form 6 Commencement Notice (and have it acknowledged) **before** commencement. We must, if you haven't already done so, receive a completed Form 2 Assumption of Liability Notice before, or with, the Form 6 Commencement Notice. Failure to follow these steps will result in you losing your right to pay in instalments and incurring surcharges and possibly late payment interest.
- Note that **commencement** may be preparing/clearing and **demolition** as well as putting in footings – see section 55 of the Town and Country Planning Act 1990:
<http://www.legislation.gov.uk/ukpga/1990/8/part/III/crossheading/meaning-of-development>
- Even if you have been granted relief (apart from Householder Extension Relief) you still need to forward the above.

Forms can be found here:-

Form 2 - <https://www.arun.gov.uk/cil>

Form 6 - <https://www.arun.gov.uk/cil>

If you are an agent and we do not have email details for your clients, please send this information on to remind them of the next steps. These details are all on the Liability Notices so please make sure they are fully read.

If you are an agent, can I also please request that you enter your clients email address, on the application forms on submission. It is a requirement that all notices are sent to the 'relevant' parties and as we are working from home, we are sending all documentation via email and it just makes the process a little easier if the information is already there. I can update these details at any time so if you have not provided an email for your applicant, please forward (you will be receiving this email as we do not have an email for one or more of your clients).

Kind regards,

Julie
