Subject: Objection to all Butlins outside stage areas. Residents of Sea Road

Dear Amy

I hope you are keeping safe. Unlike the builders and so forth on the Bognor butlins site who are using our local amenities and sitting and coughing on site. How lovely.

We are experiencing yet again noise from butlins even when it's supposed to be closed. We strongly and wholeheartedly object to any state being erected outside as the noise travels with the direction of winds. Which are strong here in West Sussex. We could hear the sea from our house. But butlins are stopping this with the pools and also now a potential stage area and more loud music and screaming and singing and general awful noise. We are livid. We are trying to retain our mental health without this Additional and also selfish worry in butlins behalf. Lockdown means lockdown. No more outdoor entertainment! The pool is bad bad bad enough. The noise screaming shouting music tanoys. Absolutely driving us to depression and anxiety.

Please take this as a strong objection.

Kind regards

Sam Maycock
