OWPC33303

Please refer to Butlins history of causing a noise nuisance for the local residents in regards to music, shouting, the circus, outside shows and fairgrounds music and shouting, Look at the history and horrendous numbers of noise complaints received by the Environmental health department and Butlins themselves via the direct line. Butlins use sophistry, they make false responses such as "noise monitoring" and "sound level restrictors" but if they have used them in the past, then why are the complaints from the local residents still being received by the Environmental health department and Butlins themselves increasing? They say they care but what they care about is Butlins and the local residents are very much second or worse when it should be the other way round. If any other venue in the Arun area received even a fraction of noise complaints then they would have the License removed or at least restricted, WHY IS BUTLINS TREATED DIFFERENTLY!!!
