General rules when looking through the spreadsheet.

Anything in yellow is a yield managed session / show - resorts might amend, however times are to remain

Anything in orange does not happen during current covid restrictions

Staggered opening times all day Centre and New Stage then Skyline & Reds.

A change in covid restrictions might cause a change in schedules to occur.

Activity sessions planned using data from 2019 summer demand averages.

A change in guest numbers might cause a tweaking of schedules.

Lunch breaks have been included for Leisure activities

Splash Sessions - 2 x swim guarantee considerations....

400 cap would allow 3,200 guests 2 x swims over a weekend

we would need to increase to 600 & 700 cap (not achievable with covid restrictions) to guarantee 2 x swims

Venue consideration includes the evolved infrastructure - i.e Crazy Horse, Conference Centre and Royal Resorts to work through rostering exercise
