Town Hall
Bognor.W.,Sussex.

Dear Sir,

Re: PLANNING EXTENSION TO 21 LENNOX STREET
ADC PLANNING REFERENCE BR/294/17/PL

Dear Sir,

I am writing to lodge my objection to the above extension to 21 Lennox Street. My reasons for doing so are:-

1. The building will be much higher than the existing party wall and block light.
2. Our adjacent existing brick built waste and recycling bin storage area next to the party wall will be very close to the new building and will likely be identified as a fire risk on our next fire risk assessment. We have no other area to relocate the bins, we are desperately short of parking spaces for the residents of D.Block.and could not afford to surrender even one.
3. The windows at the back of the proposed extension will overlook the party wall and will cause intrusion of privacy to the ground floor and first floor flat bedroom windows at the back of Block D.
4. The building activities and excavations will likely render one of our precious parking bays unusable next to the party wall, cause disturbances and corrosive dust from cement and other waste materials to settle in the carpark causing damages to paintwork of nearby parked residents vehicles..

I hope my reasons are understandable and receive your sympathetic consideration. Thank you so much.

MARGARET REES.
