

Dear All,

Please find updated Certificate that accompanies the Action Sheet placed in the in tray.

Kindest regards,

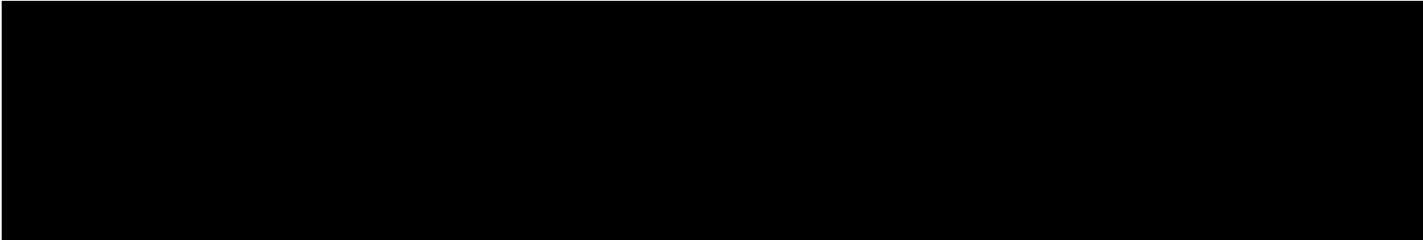

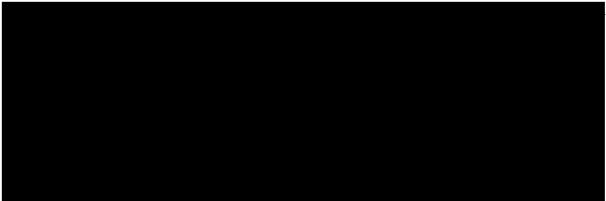

Hi James,

This is the one we spoke about yesterday. They have provided their Pagham Agreement. Note that you will need to do a form for Legal (assume you know how, if not ask a West Team member say Dan, Maria, Richard CP). Note also that it's a S.111 so make that clear to Legal.

You'll also need to do an Action Sheet to change the Certificate A (I assume that the applicant has now bought the red edged site hence the change).

Kind Regards

Hi Simon,

Further to the submission of the application at Chandos I attach a revised certificate as Certificate B was submitted in error.

Our client has prepared a Section 111 Agreement to accompany the application in terms of mitigation of the Pagham Harbour Special Protection Area, please see attached. I believe it is ready to proceed to legal however if there is anything further that is needed please come back to me.

Kind regards,
Natalie
