Good Morning

With reference to your email below, I have checked with my Team leader, and as there are no external alterations, the elevations are not required. The Structural Survey requested is still required as walls are being removed. I have sent a separate email regarding this.

Kind Regards

Good morning

I disagree that elevations are required, we are removing internal walls only. If you refer to applications listed below, none of these required Elevation Drawings;

AB/127/20/L internal loft aerial

AB/10/20/L removal of staircase and installation of internal steps

AB/126/19/L Internal rearrangement

Kind regards
