Front 1st Floor Flat Extension
over residents Lounge to
provide 4 x Bedrooms & link
extension, Abbots Lawn, Sylvan Way
BR.

To Whom It Concerns

After a continuing build on/
extensions/new build one would
think that was enough, but no
yet again another new plan
How much does this plan contradict
the original planning permission for
a new build of a new Lounge
with a firm stipulation that it
would be a single storey & not
built on.

There has been far too much
add ons, resulting in a congestion
of traffic & parking in Sylvan Way
This is not only staff & visitors
& trade vehicles, there are constantly
'service' vehicles coming & going.

Sylvan Way was a quiet
private road when I moved in

P.T.O.

Not so now.

I do not think it fair that our quiet road is now so congested with traffic coming & going.

I'd like to see a planning refused so the situation does not escalate & the residents are set aside & not considered with a yes to the plans.

lots be sensible & agree that there has been plenty of "yes" in the past & there should be a cut off point of considering - there should be no more builds, either added on or certainly not any higher than the buildings already there.

Thanking you for your consideration in this matter
