To Whom It May Concern.

Thank you for your letter which informed me of amendments to the original application.

My main concern, & has always been so, is the congestion of traffic in Sylvan Way and particularly around the area of Abbots Lawn, which is opposite my home, Waterford.

Planning app. was given in the past with a view to a larger area in the grounds of Abbots Lawn for parking. This was carried out but unfortunately most cars are left in the road, we find it difficult to get in & out of our own drives or even park outside our own property. Our  
P.T.O.

neighbours experience the same difficulties, especially from the very lge. people carrier of Abbots Lawn that is constantly parked in the road. Staff park in the road & trade vehicles have to manuvre to get into the Nursing Home's own drive. Sometimes we can't even use our driveway as cars are parked over the curb ~~drop~~ allowing us no access.

I don't see we need more roads with a view to more congestion & traffic up & down.

Sylvan Way used to be a nice quiet road its manic these days. Around our end of the road we have all experienced cars broken into or an attempt on several occasions & we'd like our cars parked where we can keep an eye on them but alas no room so they are left up the road.

Thanking you for your attention,  
Yours faithfully,
