To Whom It Concerns,

I'm very disappointed that once again the above are submitting planning application. There has been so much these past few yrs, add-ons, new builds, extensions. How much more is required? When will it stop

There is so much traffic in Sylvan way caused by all the "visitors", Trade / Medic's / Staff etc, etc. There is a Car park, but not ever used to max. capacity. Most visitors just park in the road making it difficult & sometimes impossible to access or exit our driveways opposite the home. More Bedrooms can only mean more mayhem.

Surely it can be deemed that a home cannot forever continually

expend. There should be a limit.

Thanking you for your
consideration in this matter.
