Subject: BR/324/17/PL 283-285a Chichester Road

Dear Richard,

I have had a look at the application today. The paper file pretty much just comprises of the original submission documents – i.e. no records of any correspondence. Further, there is no indication of correspondence on the online files. Therefore, I am not sure if the previous officer made you aware of the consultation comments received (which are on the website)?

If you were not aware of these then please see the attached and note the objection by our Tree Officer and the request for more information from WSCC Highways. I also note that our Engineers advised that we consult with Southern Water re a sewer but that this did not happen (I have just emailed them a consultation request).

Please can you advise whether you have seen the two objections or if not, can you confirm a timescale for submission of the additional information so that I can re-consult with the two persons

Please also note that there are no site notes on the file so I will need to do a new site visit at some point. Is it possible to gain access unaccompanied?

Kind Regards
