Subject: Advanced Resin Solutions - Resin Bound Stone - Site Visit Follow Up

Good Afternoon Jamie,

I hope this finds you well.

Following our surveyor's visit today, he has asked me to forward you two quotes which are attached for your review.

Tom advised that there is a tree on the front garden that is subject to a tree protection order – it is my understanding that you are in the process of trying to have this lifted. We strongly advise that the tree in the front garden is removed prior to the installation of the resin bound stone as it will pose substantial risk to the integrity of the surface over time as a result of the roots growing underneath it.

Please keep us updated in relation to where you are with this.

If you have any queries following this, please do not hesitate to contact me.

Kind Regards,

Aisha Elliott
