Steve,

I regret the late correspondence in regard to this case.

Dan Vick spoke to your client Rachel this morning and now I've had the opportunity to see where we are. It appears there are objections... however I need to review the detail and get back to you.

The parish suggested : CCTV installation – which can be dealt with under condition.

Likely decision by Tuesday 9th April. If you could agree to an Extension of time to then would be helpful.

Any pre commencement conditions will be sent through via an email for you to agree before decision.

Kind regards

Steven,

Application for: Change of Use from Dwelling (C3 Dwellinghouses) to Child & Family Assessment Centre (C2 Residential Institution) including minor internal alterations.

I have spoken to the vender – Nicola Cullen - for the above property and have checked the consultees responses and detail as submitted under the application. Good news the parish support the proposal. It is our task now to determine the change of use having regard to the development plan policies (if any are relevant) and other material considerations.

Your statement gives a background to the use, however, misses a justification (in regard to National Policy, the local Plan 2018 and the Bognor neighbourhood plan) which should demonstrate to us why we should allow planning.

Could we request this be added to your submission and then this will assist with the allowing for the site visit assessment and any other material considerations to be examined to aid the formal assessment.

I look forward to the submission of this as I would like to aim for 1st April decision deadline.

Kind regards
