Dear Andrew,

I hope this email finds you well.

you had previously inferred that the planning application was reasonable and requested some more accurate and detailed drawings.

accordingly I asked the architects to tidy the plans up.

I called you on friday to see if you had received all the necessary plans.

I thought it would be easier if i just sent you all the plans in one email as attached.

I hope these come through and are not too weighty.

please can you now attach these enhanced plans to the current application.

I trust this is in order,

many thanks,

Adrian [REDACTED]
