

ARUN DISTRICT COUNCIL

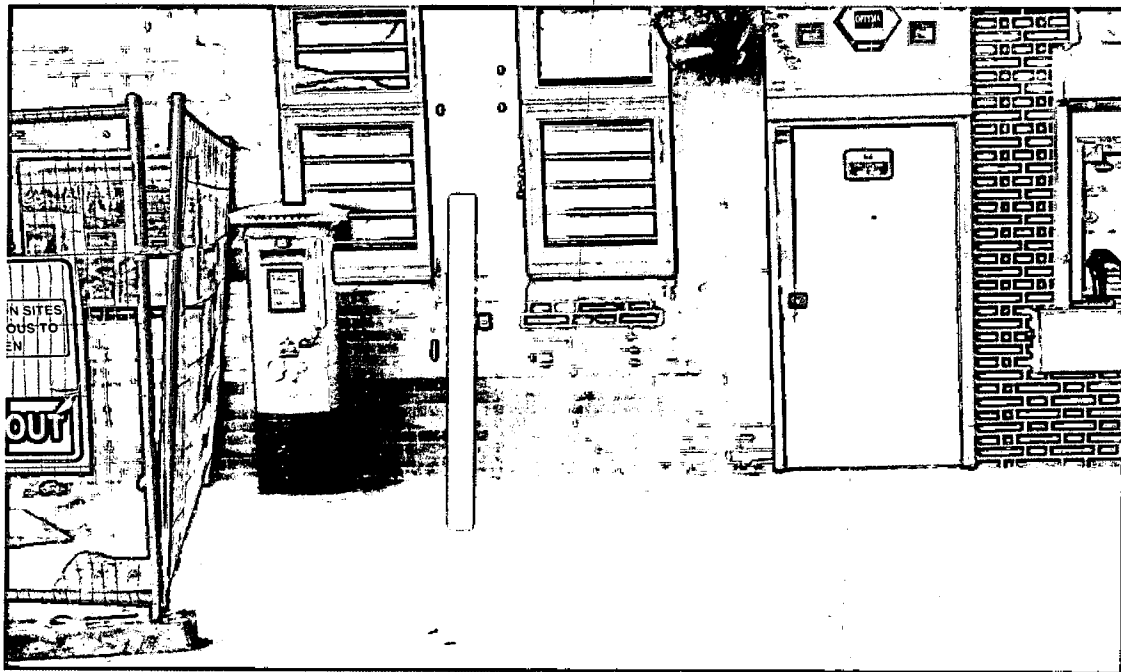

No. BR 3 09 L

BOGNOR REGIS RAILWAY STATION

The fence line will be between the station building and the Taxi Office with a 2.5m swing gate installed 2m from the station building.

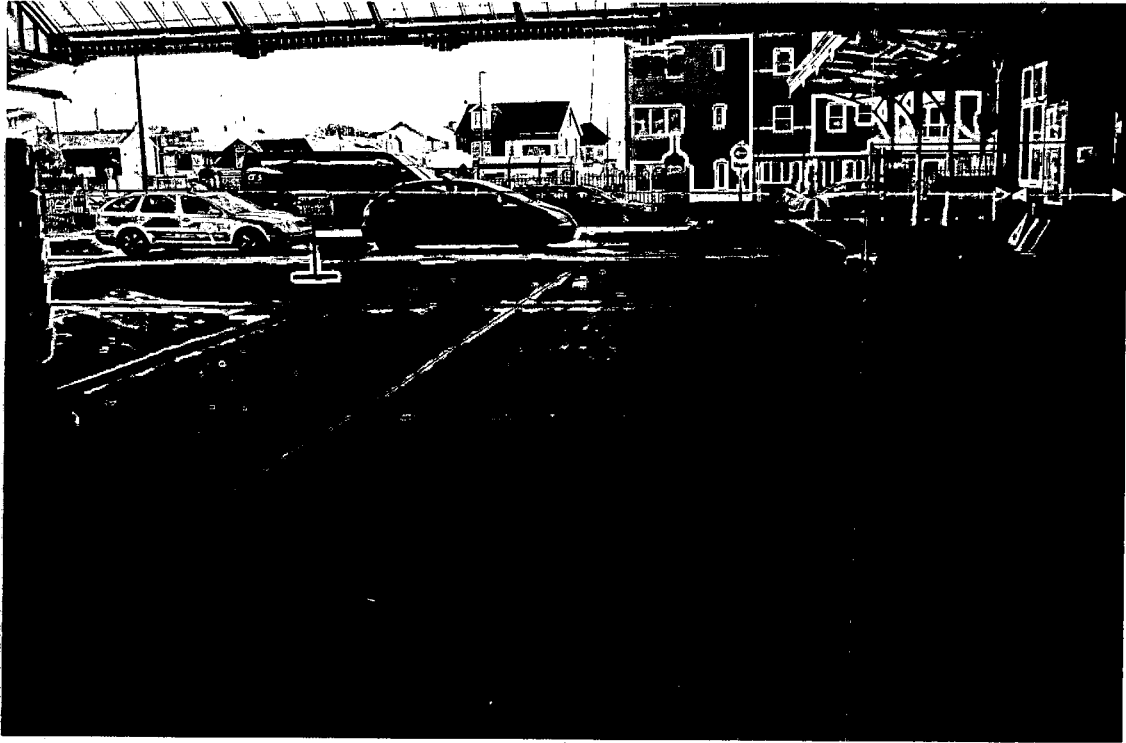

The arrows in blue shows where a 2.5m swing gate will be installed and kept open whilst the station is open.

The steel posts that support the railings will be fixed into the ground not into the building and be 1.8m high the same height has the railings and swing gate.

The steel posts that support the railings will be fixed into the ground and not into any station structure

The picture shows from inside station looking out the blue arrows show the position of the swing gate.
