Mrs Johnson,

Thank you for your email.

My apologies, proposal 2 should read:

"upgrading of provisions on land adjacent to existing substation compound to include new concrete hardstanding and construction of shiplap wooden fence as means of closure."

I am happy to keep the sentence after although the area in question, although in the conservation area, is not located near any listed building on the campus. If due to being in the conservation area all developments are deemed to *"may affect the setting of a listed building"*, I am happy for this information to be included.

Many thanks.

Kind regards,

Graham Turner
