Good afternoon Andrew,

Those are already shown on the section drawings, and noted in the design and access statement.

I have updated the section drawing to make this clearer for you, and added a section line onto the site plan.

I trust this is now sufficient for you to approve the application.

Kind regards,

Hannah Seabrook
Estate Surveyor

Bognor Regis Campus, Upper Bognor Road

Thank you Hannah,

All I now require is;

- 1) an elevational drawing of the new proposed 2.4 metres fence and gate around the 'proposed back up generator location on new concrete foundation pad'.
- 2) An elevation drawing of the new mini substation ideally showing both the sides and the end.

Thank you,

Andrew Wood

Good afternoon Andrew,

Please find attached a detail plan of the site showing all the elements we discussed this morning, as well as a copy of the Design and Access Statement that contains photos of the site as well as descriptions of the proposals. The new generator and substation will be fully concealed from view by the fencing.

I trust this is sufficient information for you to approve this application.
If you do have any further questions, please do not hesitate to contact me.

I look forward hearing from you.
