Subject: RE: Planning consultation BR/42/22/PL

Dear Sally,

I do apologise for not reply earlier than now. However, there are errors in the calculations for the contribution which is now £1,132.30. Kindly find the updated Appropriate Assessment as attachment to this email.

We did not initially seek your consultation advice on this application however, we are aware that due to the proposal being within the zone of influence of Pagham Harbour SPA, we must decide whether an appropriate assessment of this proposal is necessary in light of the People Over Wind Ruling and that in accordance with the Conservation of Habitats & Species Regulations 2017 (as amended), Natural England must be consulted on any appropriate assessment that our Authority may decide to make. We have prepared the attached Appropriate Assessment and now write to seek your views on it. This appropriate assessment is therefore being sent to NE for your comment. Please provide a response within 10 days or advise if longer is required.

Kind regards,

Obafemi Okusipe

Dear Obafemi Okusipe

Please may I respectfully request an extension of time for planning consultation BR/42/22/PI until 20th May 2022?

This is due to an unusually large amount of consultations received by Natural England.

If I do not hear from you I will assume this is agreeable.

Kind regards

Sally

www.gov.uk/natural-england

We are here to secure a healthy natural environment for people to enjoy, where wildlife is protected and England's traditional landscapes are safeguarded for future generations.

Natural England offers two chargeable services - the Discretionary Advice Service, which provides pre-application and post-consent advice on planning/licensing proposals to developers and consultants, and the Pre-submission Screening Service for European Protected Species mitigation licence applications. These services help applicants take appropriate account of environmental considerations at an early stage of project development, reduce uncertainty, the risk of delay and added cost at a later stage, whilst securing good results for the natural environment.

For further information on the Discretionary Advice Service see [here](#)

For further information on the Pre-submission Screening Service see [here](#)
