ACTION...

Mrs. M. Stanley,
Georgia, Sylvan Way,
Bognor Regis PO21 2RS

23rd March 2018

The Planning Officers,
Arun District Council.
Littlehampton.

Dear Sirs, Re. BR/48/18/PL under BR/71/12
 1 Brodrick, Castle Close, Sylvan Way -

I wish to object to the above planning application to insert seven windows into the roof of the above property and also a double sliding sash window into the front gable of the house to facilitate the use of the attic.

The reason for my objection is the gradual increased development of this large property. The insertion of many windows into the roof and the upper part of the front gable to increase living space will increase overlooking of the existing properties in Sylvan Way and Victoria Drive which have previously never been overlooked.

It should be noted that the other three houses in the Castle Close development have not been enlarged into the attic space. The much larger roof on the Brodrick house seems to be intended to serve as an extra floor from the start of its construction.

Yours faithfully
