Subject: BR/49/19/OUT - 26 Burnham Avenue

Hi Simon

Hope all is well with you.

The client for the above referenced development is currently instructing a Lambeth Method parking Survey as requested, details of which will be issued to you shortly.

The client has also asked for the development to be made up of 50% affordable housing as opposed to the original intention to meet minimum requirement. If you recall there are two proposed blocks of identical tenure therefore he proposes block B (as per our plans) be allocated affordable. Can you ensure this information is made available to all consultants when reviewing this application.

If there is anything else I can help with please feel free to get in touch,

Many thanks and best wishes
Nick
