Dear Anita,

Please can you withdraw the application reference BR/189/08 for Clifton Works as we are now pursuing those details approved on appeal under file reference BR/50/08.

Many thanks and kind regards,

Chris Moore

Chris,
I have taken your previous e-mails as referring to the agreements only. An e-mail will do, but could you confirm in writing that the application can be withdrawn.
Thanks
Anita

Thanks Anita – I did say I was withdrawing the old application (BR/189/08) in my previous email – please see below.

Can you let me know if I need to formally write in?

Kind regards,

Chris

Dear Chris

Following our other discussions on car parking I realise that this matter isn't resolved. Application BR/189/08 is still current and awaiting the signing of the Agreement. Since you are not pursuing the Agreement, or it seems the application, the application should be withdrawn.

Dear Anita,

The scheme being followed and implemented is that approved under file reference BR/50/08, for which the Agreement is already signed and in force.

Any other approved scheme (including BR/189/08) will now be superseded, and as such I would wish to withdraw other agreements on behalf of my client.

Anita, is this confirmation enough or do you want me to write a letter?

Kind regards,

Chris Moore

Dear Chris,

Can you clarify what is happening. Am I correct in assuming that you are pursuing BR/50/08 which has a signed agreement and not pursuing BR/189/08? If this is the case BR/189/08 will need to be formally withdrawn in writing.

Regards

Dear Anita,

With reference to the matter below, could you let me know if I need to formally withdraw any documentation regarding the 106 agreement?

I interpret this as a withdrawal of the application so I will close my file

The Planner Anita Gardner will need to take up with applicants agent Chris Moore the planning necessities of withdrawal but this e mail is enough for me to NFA the file
