Hi Richard,

You may have already seen my consultation response to the above site. I have found out that some roles and responsibilities have changed in Highways and scaffold licence are now dealt with by the Highways Licencing Team. As such could the below informative note be used, if of course you are minded to permit.

They have also confirmed that in principle they do not foresee any issues with a licence being granted for the works.

Scaffold Licence

The applicant is advised to contact WSCC Highway Licencing (01243 642105, HighwaysLicencing@westsussex.gov.uk) to obtain the appropriate scaffolding licence and to agree any traffic management measures that may be required.

Thanks

Ian
