Hi Mr Davis

Firstly. It was good to see the Planning Notice correctly sited yesterday **BUT** it has now been removed/disappeared.

Secondly. I am dismayed by the report from WSCC Highways. The road has become dangerous. It seems that there are numerous drivers who, once turning into Sylvan Way, need to get to the other end as quickly as possible. There are still skid marks outside of my house from a near miss last year. The current lockdown does not give a true impression of the difficulties in the road.

Best Wishes

Paul
