Hi Jack,

Sorry but I have a last late request. The Ctte report has been reviewed by our Group Head of Planning and he is happy to sign this off but requests that you remove the FF secondary windows from the forward projection as shown on the attached extract of your plan (please remove the windows circled in red). If your client can agree, please change the plans & elevations on drawing "Proposed First Floor Plan, Proposed East and West Elevations" and can you add a Rev A to that plan. The report will need to be finalised by mid next week.

I appreciate that the same windows were on BR/314/18/PL but we are concerned that the impact on east/west facing neighbours was not properly considered previously and the deletion of these two windows will lessen any overlooking impacts.

Regards
