Keith, I have the letter and plans. I am awaiting comments from my legal services department regarding the status of the dispute at no. 252 before making a formal response. I note also the application that has been submitted to amend condition 23 (the provision of the footway), in response to that application it is likely that the requirement will be reduced so as require a footway and safe crossing point to be provided within highway land and land within the ownership of the applicant, and not to include that which is being disputed at no. 252. However that will be confirmed in due course as part of a response to the application.

I'll try and get some comments to you for the discharging of the conditions shortly.

Ian

I have had a letter dated 11th July from the Planning Bureau stating that they have copied you in and sent you the plans to discharge the conditions. Can you confirm this and let me know what your comments are.

Keith
