Dear Sir / Madam

Good morning, we are an electrical contractor working on behalf of our client and propose to install Solar PV to the above Tesco store.

The installation falls with the permitted development rights and we require a certificate or notification of lawful development.

I have attached the following information:

1. Notification application form
2. Location Plan drawing
3. Solar PV Mounting details

Please can you advise of any fees that are due and the best process in which to make payment.

I look forward to hearing from you and in the meantime please contact us should you require any more information.

Many thanks and kind regards,

Wendy Stevenson  
Projects Administrator
