The AMV Promise.....

At AMV the one aspect that sets us aside from others is our passion and uncompromising commitment to the very highest standards of quality in all aspects of our work.

All steel products are manufactured in our own workshop, by skilled tradesmen and come with a 25-year warranty against structure failure, rust and corrosion.

We are steadfast in our belief that our UK workmanship represents the optimal balance of high quality, durability and competitive pricing

Over time in assessing the life cycle of outdoor products, investing in a solution from AMV proves to be the most cost-effective choice by far

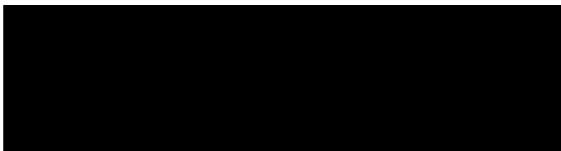

As an engineering company with 35 years continuous trading history, we quote each individual job precisely and fairly, based on your exact location and site requirements, and following the same fixed formula to maintain the operating margins.

However, In the unlikely event that you think you may have received a lower price for a product of the same specification and matching AMV's level of service and warranty, then please provide details and I will personally do my utmost to beat it to retain your valued custom.

Kind regards,

Paul

Guarantees:

25-year metalwork guarantee against structure failure, rust and corrosion, acts of vandalism and accidental damage excluded

Surface Treatment

We have included in our price for the steel equipment to be hot dipped galvanized to BS EN ISO 1461 and polyester powder coated to BS 6497, with the colour to be determined from the standard range of RAL colours.

Blue RAL5010 – Green RAL6002 – Red RAL3020 – Yellow RAL1021 – White RAL9010, please note some non-standard colours may incur additional costs.

Design and Safety

We take every care to ensure that our equipment is compliant with PAS 30 and BS EN 1176. In addition, we are BS EN 9001:2015 and BS EN 10909 certificated - Mild steel to BS EN 10210-1: 1994 BS EN 10210-2: 1997

Site Installation

We have included in our price for the equipment to be fully installed, aligned and leveled on site. The costs assume normal digging conditions, ie tarmac, soil, hardcore and clay, however if we encounter concrete slabs, brick buildings etc then additional costs could be incurred, in addition it is assumed that reasonable access into the site is available. The costs do not include for Heras safety fencing, the area will be taped off, if Heras is required please advise prior to installation.

Validity

The above offer is open for acceptance for a period of 14 days from the date of this submission.

Delivery Programme

From the receipt of an order, we offer to deliver and install the equipment within approximately 8 working weeks or at a time to be agreed.

Terms of Payment

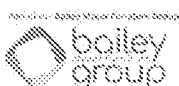

25% deposit to be paid with official order

75% balance to be paid within 30 days of installation

Insurance

Employer Liability - [REDACTED]

Public Liability [REDACTED]
