Hi Jade ,

Sorry for the late reply .

The download speeds for fibre optics are from 330Mbps up to 1Gbps.

The speed you will get will be dependent on the package taken up with your service provider .

**Regards,**

**Ben Leythorne**

You don't often get email from [jfox@falconhomes.co.uk](mailto:jfox@falconhomes.co.uk). [Learn why this is important](#)

Hi Ben,

Please can you confirm the expected performance on the newly installed fibre optic cable?
