Dear Ms Tomalova

Thank you for your telephone message requesting details of my clinical waste arrangements for 63 Queensway, Bognor Regis.

I confirm I have a contract with Medisort to collect clinical waste and sharps. I have attached my waste transfer registration (valid for my current address).

The sharps bins will be stored in the sterilising room until ready for collection.

The yellow, lockable clinical waste bin will be kept in the back garden, which has a locked gate and it will be wheeled through the premises ready for emptying on collection day. This is arranged as and when needed so there is no necessity for the bin to be left on the public walkway.

Please do not hesitate to contact me should you require any further information.

Yours sincerely,

Angela Vanderpump
