Dear Simon

Please find enclosed additional details relating to materials.

For practical purposes, I believe that an '*above dpc level condition*' relating to the approval of samples of materials is necessary. This, not only retains control of the Council, but also, provides the developer with an element of choice, subject to the Council's control.

From my point of view, I agree with Martyn, that the quality of materials is important and I hope the additional information is received in the spirit of that view.

I am also aware that the application period of determination has expired, therefore, on the applicant's behalf, I formally agree to a further extension of time to 9th August 2019.

I intend to attend the committee meeting on 7th August and speak, if you believe it is necessary, in support of the application. It might also provide an opportunity to meet after all this time.

Many thanks for all your efforts.

Kind regards

Adrian

Dear Adrian,

Yes we are still going for the 7th. It would be helpful to provide a materials schedule specifying all materials including the details set out in Martyn's email below.

Kind Regards

Dear Simon

Many thanks for CA response.

I will detail windows, doors, guttering etc in the next day or so to assist you in compiling your report to committee.

Are we still going for the 7th Aug?

Please let me know what information or detail you need.

Kind regards

Adrian
