Dear Laura,

We have accepted a revised FRA on this application which outlines measures (extra ground raising) to take the site out of the future Flood Zone 3a (our SFRA indicates that the site will be in 3a by 2061). Can you just advise whether this alters your previous comments which were to impose conditions PCENG2 and the informative INFORMD. I need your response before the 14th August 2019.

Kind Regards
