Dear Adrian,

For your information, my Committee report has been written and has been reviewed by the Group Head of Planning. However, he has requested that you provide (1) a street scene showing context of other properties to the north; and (2) a block plan showing the site context including hotel and properties to the north. Could these be provided to me by the 22nd August? If so then I can include in the presentation for the Members Ctte Briefing Panel on the 23rd. If not then certainly by the 2nd September so they can be in the Ctte presentation.

He has also commented that most/all other properties in West street have double/triple height bay windows (however, he has not asked for this to be changed).

Kind Regards
