Dear Sirs,

I wrote to you on the 7th December with regards to the above application and CIL. We have received communication that the development may have started or be about to start and have you now listed as the site owner.

We must receive a Form 2 Assumption of Liability and a Form 6 Commencement Notice before any works start on site. Failure to do this will result in the full amount becoming due immediately and surcharges added. I have added the Liability Notice previously sent, however, if you have bought the site, you should have been aware of this through your own conveyancing.

Please can you confirm the current status of the development.

I attach the required forms for your use.

I look forward to hearing from you,
