Subject: Planning application BR/75/20/HH

With regard to the above application, I am not against any application persay, which can be made to fit in with good architecture. But I feel it has got some unsuitable aspects. This area is an 'enclave' with Spencer st which are mostly 2-storey Edwardian/mid war with not particularly large gdns. Particularly unsuitable is the large glass 'box' which will stick out of the slate roof PAST the roof line. This is both visually intrusive, and will look over the surrounding properties & gardens, and make it as good as a 3 storey building.

I have not commented before on any planning, and hope I have made my opinion understandable.

N Ridley
