Dear Sir

Planning Application BR/76/19/PL
33 Shelley Road, Bognor Regis

With reference to the above planning application which has been brought to my attention by neighbours, as the application has not been displayed, I wish to make the following objections:-

1. The extra restrictions to parking, already over-stretched and causing difficulties at the junction of Shelley Road and Elm Grove, will be intolerable.
2. No 31 will have their light blocked completely by the proposed building of a two storey extension in very close proximity to their property..
3. By over-developing this site (No. 35 was part of No.33 and No 31 was also built in the garden belonging to No..33) the proposed houses will not be of the same character as the rest of the area i.e. detached or semi-detached properties in their own plots.

Although it cannot be included as an objection, there is the consideration residents of Shelley Road are going to suffer months of building work and noise together with the accompanying parking of large vehicles with the chances of driveways becoming increasingly blocked in order for the work to be carried out.

I hope you will consider these objections seriously and look forward to your comments in due course
