Hi Stuart,

Thanks for popping over yesterday, please find attached block plan option 1, this would allow us to keep the bay window and still have 4 parking spaces all of which fall comfortably within the national standard size. I can't foresee highways having any issues with this but if they do, we can remove the bay window if absolutely necessary which would then revert back to the original plan. I am happy for you to steer me on this as I just need to get the planning across the line as I said yesterday its so my mum can move next us after my father passing. Please let me know your thoughts. Cheers

Many Thanks

Jack Dowling
