Thanks,

Mark

Application ref: **BR/78/20/TC**

Location: University of Chichester, Upper Bognor Road, Bognor Regis, PO21 1HR

Works proposed: Various works to various trees within the Upper Bognor Road and Mead Lane Conservation area

I undertook a desktop review on April 24th 2020, which was adequate for me to determine the aforementioned Town & Country Planning Act 1990 (as amended) s211 Notice.

The applicant has employed Bernie Harverson / Arboricultural Consultant to provide a Tree Safety Audit Report with Tree Works Recommendations. This has been submitted in support of the above Notice.

I am satisfied that the works proposed will not result in character of the surrounding area being unduly diminished.

I raise **No Objection** to the works that have been applied for and see no reason to make a Tree Preservation Order in this instance.

Mark Warwick
Tree Officer
