Dear Sirs,

I refer to the above reference application which was refused. I initially approached Arun District Council in May 2021 who told me to contact West Sussex County Council and or Nyewood School. The reason for my approach was that the Pinewood Tree you refer to as Fell 1 Monterey Cypress (T1) was about to damage my garage off Pinewood Gardens. I requested that the branches be cut back. The school informed me there would be a delay as there was a Preservation Order on the tree. The garage roof and wall are now damaged and I request that you arrange for the branches to be cut back and compensation paid for the damage caused to the garage.

Do you require me to get a couple of estimates for the work to be undertaken although the repairs cannot be done until the branches are removed. Please confirm that you will now take responsibility for both the removal of the branches and the damage to my property. The damage to the property is now a health and safety risk and I do hold Arun District Council responsible for any liability arising in this matter.

Please reply to P Baldwin, [REDACTED]

Yours sincerely,
P F Baldwin
