Dear Mr Baldwin

Application Reference BR/7/22T

I refer to your letter of 12 June 2022 and apologise that you have not received a response to date.

Having checked the history of the application, I note that BR/7/22/T for the felling of the tree was refused for the following reason:

There is no arboricultural reason for the tree to be felled and its felling would detract from the amenities of the locality.

You are advised to speak to the landowner regarding the tree to see if they can resolve the issues that are having an impact on you via an alternative application. Even though you do not own the tree you can make an application yourself but you will require the consent of the owner to implement the works if the application is successful.

Arun can only determine an application once it is submitted. The Council would not carry out works to a tree that is not on land owned by other parties; that is the responsibility of those parties.

Yours sincerely

Neil Crowther
Group Head of Planning
