Dear Mr Dhillon,

I am currently your case officer although this may yet be reallocated to an alternative officer. However, in the meantime, I have been contacted by our Environmental Health Officer (EHO) who has asked if you can confirm how many occupants you intends to have as tenants in this property please? We note that the application is for a 6 bedroom HMO but the floorplans also appear to show double beds in all rooms. The EHO also asks that you provide room sizes in m2.

Please also note that our system does not allow us to electronically scale from 1:75 plans. Those in the following screenshot are the only options we have. Would it be possible to provide a new floorplan in a different scale and then also annotate/provide a key with the room sizes.

I look forward to hearing from you.

Kind Regards

Simon J Davis MRTPI

Please note that essential maintenance is being carried out to the planning, building control and local land charges database during the week commencing 12 April 2021.

During this time there will be no public or staff access to any records held within this database, and it will not be possible to carry out any of the following tasks via the Arun website:

- Research planning and building control history
- View any planning applications, plans, agreements, tree preservation orders or competent persons data
- Submit building control applications
- Submit planning application comments
- Report any planning compliance issues

The publicity and consultation period for all planning applications that fall over this week will be extended by a further week to ensure no one is disadvantaged.

All other aspects of planning, building control and local land charges will be limited during this week and you are strongly advised to contact the individual departments before 12 April 2021 for specific restrictions during this time.
