Dear Simon

Many thanks for your response. I realise you cannot give a definitive answer, however in light of us needing to wait for another month for a response to our application it would be good to know if we are on the right track? If we are moving in the right direction, I would be happy to agree to an extension of time.

Kind Regards

Richard

Dear Richard,

I am sorry for the delay. Due to workloads and the complexity of certain applications, we are all behind in the determining of applications. I am afraid that your application is currently sitting at 32nd oldest out of 56. Is it possible to agree an extension of time for another month until Friday 30th August.

Kind Regards
