Application number BR/82/22/PL
Holmlea rear of town cross avenue, bognor regis,

I do not want this planning permission to go ahead for 10 flats in that tiny area. Before planning permission was refused on smaller flats.

You will find that most people these days have more than one car per household. So any more excess will be parking in town cross road. Town cross road as it is, can be a nightmare to drive down as vehicle's can park both sides of the road and even blocking pavements.

I live in Fletcher way. I have lived here for 9 years. I knew that 4 houses would just over look parts of my back garden. So if these flats were built I would have another. That I'm not happy about. There is asbestos on a shed right next to Fletcher way playground too. Just think if these apartments are built think of the noise and dust that will go into my garden, my neighbours that live in Fletcher way and Hanson close. As well as Essex road residents. I was told about this by one of my neighbours as nothing has been put in Fletcher way of this. None of us are happy about this planning of these flats.
