Dear Sirs,

I live at 43 Essex Road which is very near where this new development is planned. I would like to object to the current proposal for a number of reasons.

1. The building is too high and will over look peoples gardens.
2. It doesn't fit in the the current area and environment which are houses not lots of flats.
3. The area is struggling with over parking at present and this would make it even worse.
4. All the extra cars would impact on emergency services access.

I feel someone is trying to make as much money from the site with little thought for the area or the people to live there. It is a thoughtless and selfish proposal. I feel the plans should be changed to a few new houses with gardens and parking that would fit in the neighbourhood as current.

Best regards
Helen Wilkinson
