Dear Sir,

Regarding the above application, we wish to state we are totally against it. We live in Essex Road and we have suffered enough with noise about which we have complained; to now have construction with its related noise, dust and disruption for probably over a year would be too much.

Also we cannot comprehend that given planning was refused twice before we cannot understand how it could or should be passed now with ten flats. The car parking has not been thought through is illogical and is expectant of the owners only having one car each (which is highly unlikely) and two of the owners not having a vehicle at all - again highly unlikely.

Noise levels at this 'factory' are already too high and it is probable for it to have a Public Order Offence lodged against it and that would be more than probable with a noisy building site. Finally, the plans show a construction

that is much too close to Halson Close buildings which we would have thought would be an infringement on their rights as with three levels it is too high and intrusive.

It should not be allowed.

S W & (Mrs) J M Randall

5 Essex Road

Bognor Regis PO21 2BU
