Subject: Bedford St Toilets

CAUTION: This email originated from outside of the organisation. You should take extra care when clicking links or opening attachments - if you are unsure the content is safe contact the IT Helpdesk before clicking or opening.

Dear ADC,

I write to you concerning the design for the new toilets at Bedford St in Bognor, near Morrisons, a much needed overhaul.

I personally feel it would be much better to have fewer toilets that opened up onto the street and were larger to accommodate buggies, children, wheelchairs etc. There may be some already like this in the district but I am thinking of the CDC ones at M&S carpark and Florence park in Chichester.

Thesw do unisex with more inclusivity and dignity. Men and women will be opening up to each other in the shared central space in Bedford St, plus the stalls are as small as the regular ones, not much privacy between men and women or space for having your kids in with you. I'd be concerned with separating from my children in a mixed space and a lack of safe buggy space outside the stall. I'd also feel awkward opening up to a man using the opposite toilets and a lack of dignity.

Please give Bognor good quality unisex toilets, I understand Bognor town councillors have raised similar issues with the design.

Best

Kate Berisford
