West Sussex County Council (WSCC) as the Local Highway Authority (LHA) has been consulted on the above application, to assess any highway safety or capacity aspects of the application.

The application is for the temporary change of use for 3 sites along the seafront/promenade. These will be for seasonal temporary food and drink outlets and other seaside uses together with associated temporary/portable structures and equipment for use by the businesses associated with those outlets.

The 3 sites shown are not located on the highway, as such will not require any licenses from WSCC. The sites are located on land owned and managed by Arun District Council.

The Local Highway Authority does not consider that the proposal would have an unacceptable impact on highway safety or result in 'severe' cumulative impacts on the operation of the highway network, therefore is not contrary to the National Planning Policy Framework (paragraph 109), and that there are no transport grounds to resist the proposal.
