Dear Sirs

I wrote the representation below in a hurry, the 2nd paragraph in my email sent earlier today should read.

2nd paragraph

I am hoping the above application will be rejected on the grounds that there has not been enough time for the public and academics (from many varied different disciplines) to discuss the disadvantages, alternatives and safety aspects as well as the alleged benefits of 5G. The Council has responsibilities.

Please can you make the appropriate amendment. Many thanks for this.

Dear Sirs

BR/89/19/PL: Fitzleet House, Telecommunications Cabin, Queensway, Bognor Regis PO21 1QS

I am writing today with my comments regarding the above application.

I am hoping the above application will be rejected on the grounds that there has not been enough time for the public and academics of very various different disciplines to discuss the disadvantages, alternatives and safety aspects as well as the alleged benefits of 5G. The Council has responsibilities.

Please can the appropriate teams at ADC view the following short video as part of my objection to this planning application.

Thank you for considering my representation.

Yours faithfully

T. Burrington
Bognor Regis

Please let me know if you require any further information. If I have time, I will send further information regarding 5G safety doubts.
