Hartoft Shelter with extended front:

Our bike shelters are manufactured to withstand years of use, we use high quality UK sourced raw materials.

The Hartoft Shelter is a sided cycle storage solution, but with the added luxury of having the extended frontage to allow a clear walk way.

A shelter for all seasons, suitable for all environments and with a lockable door for security.

Specifications

Single units can be added alongside or opposite each other to form larger cycle storage areas. The Hartoft can be supplied with surface or underground fixing.

Available in standard size

10 Space - L4100mm x W 3000mm x H2200mm Frame is 50mm x 50mm box section with 3mm Polycarbonate cladding. A galvanised 5 hoop toastrack is included

Options: Prices on application

Alternative lengths are available

Other RAL colour (contact for pricings)

Lock and 2 keys

The frame is available with a hot dipped galvanised finish or in a standard powder coated RAL colour to your specification.
